**The Backbone
of Russian Economy**

ROSTEC.RU

Aluminium for the world of tomorrow

RUSAL IS ONE OF THE WORLD'S LARGEST **LOW-CARBON ALUMINIUM PRODUCERS**

The company integrates production capacities across all stages of the value chain, from bauxite mining and alumina refining through to primary aluminium and alloy smelting, along with downstream processing

ALUMINIUM POWERED **BY HYDROPOWER**

Renewable energy from Siberian rivers enables aluminium production with one of the lowest carbon footprints in the industry. The rollout of energy-efficient technologies is instrumental in curtailing greenhouse gas emissions across all production stages

INNOVATIVE **TECHNOLOGIES**

Cutting-edge inert anode developments, the deployment of AI-driven solutions in aluminium and alumina production and a breakthrough technique combining scrap remelting with chemical reduction are all geared toward enhancing environmental performance and advancing a circular economy

GLOBAL PRESENCE AND A MULTICULTURAL ENVIRONMENT

RUSAL is a global company with production facilities and representative offices in more than 20 countries on 5 continents. Highly skilled professionals from around the world team up at production sites across Russia and internationally

B2B MEETINGS

BIG INDIA
INDUSTRIAL
WEEK

INNOPROM

The service helps you avoid cold outreach and make your networking more targeted. Select the companies you are interested in and schedule meetings with potential partners in advance.

HOW DOES IT WORK?

STEP 1: Log in to the service using the login and password provided in the email from the Accreditation Center after the registration.

STEP 2: Find the right partners and potential clients and send them meeting requests.

STEP 3: Confirm your meetings — all confirmed meetings will automatically appear in your calendar.
